Additional Information

During these divided times, many people believe that open dialogue and discourse are the only tools to mend a wounded nation. Comedians Hasan Minhaj and Ronny Chieng believe the opposite. Kicking off this October, the two comedians will embark on a nationwide tour where they will air their grievances— onstage, at the same time —for a paying audience.

The format? A DEBATE TO THE DEATH. Imagine a CNN Presidential Town Hall that's somehow more demented and with less decorum. This will be a race to the bottom.

Minhaj and Chieng will face off about America's most urgent issues: presidents, war, the economy, immigration, infrastructure, food, dating, family values and, of course, the impending race war. This is not a call for peace. It's a call for pettiness. Are you in?
